| <b>Appearance</b> | Translucent finish   |
| <b>Coverage</b>   | 5m <sup>2</sup> per litre<br>(when diluted 1:3)<br>Total max coverage: 5L =<br>100m <sup>2</sup> |

### DESCRIPTION

Kingfisher Patio Black Spot Remover is a spray on and leave formula for patios, pavers, and driveway. Apply to areas where you may simply wish to stop the appearance of lichens or prevent its reoccurrence after clearing an infestation.

Kingfisher Patio Black Spot Remover is a concentrate which is to be diluted at a ratio of 1 part concentrate to 3 parts water. Spray onto any location where black spot lichens may occur. This product does not require rinsing, simply spray on, and leave it to sink into the surface you wish to protect.

### USES

The cleaning & prevention of black spot from:

- Natural stone i.e. sandstone.
- Block Pavers.
- Artificial surfaces i.e. concrete/cement tiles.
- Roofs, walls & floors.

If in doubt, please call Kingfisher Building Products on Technical Dept. Tel: 01229 869 100.

### ADVANTAGES

- Prevents black spot lichens.
- Removes organic contaminants - moss, algae, mildew & slimes.
- Non-acidic blend.
- More effective than other cheap cleaners due to its unique blend of ingredients & concentrations.
- Spray & leave formula.
- Highly concentrated.

## SURFACE PREPARATION

Carry out a test in an inconspicuous area.

- If you find this product is not suitable for use on your project do not continue to use.
- Dilute the product 1:3 with clean water.
- Apply to dry surfaces with a sprayer or watering can.
- Do not apply when rain is predicted in the next 12 hours.
- Do not exceed more than 5m<sup>2</sup> per litre of diluted solution.
- Do not wash this product off the surface once treated.
- Repeat once or twice per year, depending on local conditions.
- Do not exceed the coverage rates.
- Safe for children, pets, & wildlife when dry.
- Do not spray onto adjacent plants and lawns or allow the product to mist over them.
- Do not allow this product to enter ponds or encounter aquatic life.
- Please note this product does not remove black spot, it is for preventing its growth from spores.
- A 5 litre container will cover up to 100m<sup>2</sup> when diluted 1:3 with clean water. One part concentrate to 3 parts water. This will make 20 litres of ready to use solution!

## IMPORTANT

Do not rinse off, allow to dry on surface.

- Do not apply in the wet.
- Do not rinse the products off into ponds or anywhere it may encounter aquatic life.
- Must be applied to build a residual effect – apply once to twice per year.

## COVERAGE

Approximately 5m<sup>2</sup> per litre (when diluted 1:3) Total max coverage: 5L = 100m<sup>2</sup>

## PACKAGING

This product is non-flammable. Store in original container in a cool dry place, out of direct sunlight. Do not allow to freeze. Keep out of reach of children.
